

OUR RECENT PROJECTS – USING 3D PRINTING.

MASTER PLAN OF DUBAI

Entirely 3D printed master plan of the city of Dubai created for our clients Ejadah Asset Management Group, part of Dubai Properties one of the largest developers in the UAE. The model highlights all Ejadah managed developments across the entire city. The Abu Dhabi model will be started in 2016. [Scale 3 x 2m]

DREAM HOTEL RESORT & SPA BY CASTLEWOOD GROUP.

DETAILED MODEL DREAM RESORT PHUKET

This is one of our most detailed 3D printed models of a Hotel Resort in Phuket for Singapore based clients CastleWood Group.

The model features fully integrated lighting, interior design for all rooms and realistic water effects throughout.

THE FIRST GROUP

ANIMATED MASTER PLAN OF DUBAI

This project done for The First Group was created as a pitching tool to replicate their sales map. The First Group supplied us with their hard copy tourist map of Dubai and asked us to recreate the entire map as a colourful 3D printed Model [Scale 2.5 x 1.5m]

CASTLEWOOD GROUP CUSTOM GIVE AWAYS

CASTLEWOOD GIVE AWAY MODEL

This give away model was developed and produced for CastleWood Group based in Singapore.

Each model is custom designed and will be given away to CastleWood clients with unique specifications depending on their investment.

GENERATION 3D PORTFOLIO 2016

MORE OF OUR PROJECTS

Generation 3D has catered for a wide range of design projects in the UAE and Asai from architectural models to product design prototypes and awards. We have a capable team from a variety of design backgrounds enabling us to take on projects of any scope.
